

Good to Know

Be patient. Your children are headed back to a regimented setting and they need time to adjust. Be patient with educators, your children and yourself. ~From Cassie- Ethan's Teacher

TIP: Schedule it out: The biggest tip I would recommend is to make a schedule and stick to it; whether it is for your morning routine, getting ready for school or after school activities and snack! My daughter had sensory issues, so dressing can be a battle. Make sure your morning schedule allots time for any other parts of getting ready that may be a struggle.

Firsts are best because they are beginnings."
~Jenny Han

KINNEBAR

If your child seeks movement or sensory input, you must try KINNEBAR - with a foot swing and rubber foot band.

www.kinnebar.com.
